

## OUR MISSION

To care for patients and families through exceptional and individualized palliative care, hospice and grief support services.

## OUR VISION

To achieve fully integrated palliative healthcare for people of all ages, cultural backgrounds and economic status through innovation, collaboration, education and advocacy.

## OUR VALUES

- Promoting excellence and continuous improvement.
- Providing information, support and care from the moment of individual and family need.
- Fostering teamwork and respectful relationships internally and externally.
- Staying at the forefront through education, research and staff development.
- Embracing change, innovation and flexibility.

*A nonprofit, community-based  
healthcare organization.*
